

1. Color the face triangles, spines, and snout.
For best results, color a bit outside the lines too!

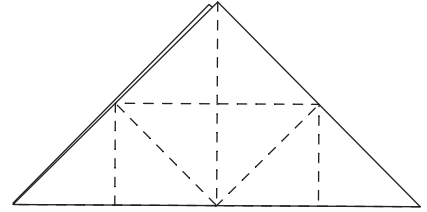

2. Flip the square over and color the square on the opposite side of the face triangles

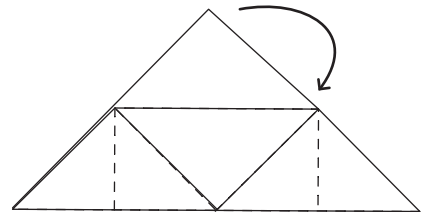

3. Cut out the big square and the spines and snout.

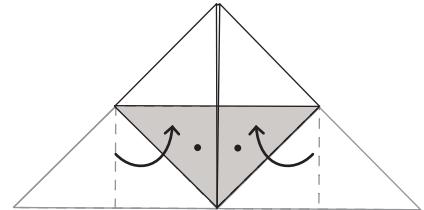

4. Carefully fold the square along the dotted lines so all of them are creased. Then fold it in half so that the eye patches look like this.

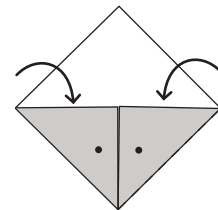

5. Flip it over.

6. Flip it over and fold the top down so that it meets the bottom edge.

7. Fold the sides up so that they cover the flap you just folded down.

8. Rotate and add snout using glue.
Then glue the spines onto the back.
