How to draw a Jaekelopterus "sea scorpion"

1. Prosoma (head)
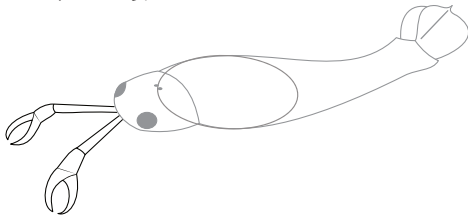

Large compound eyes

Ocelli (eye-like sensory organs)

2. Opisthosoma (abdomen)
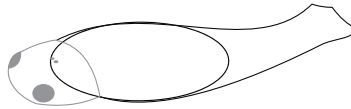

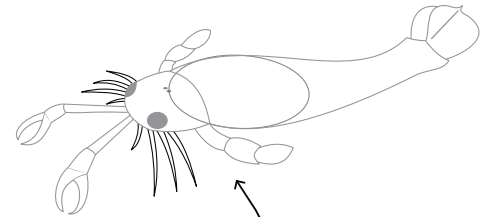

3. Telson (the final section of the abdomen)
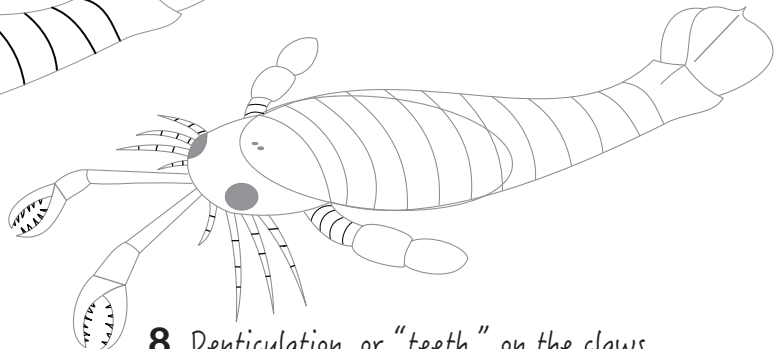

**4.** Chelicerae (used for feeding)

5.

**6.** Six total pairs of appendages, all attached to the prosoma (head)

The back five pairs were used for eating, walking and swimming

7. Twelve body segments

8. Denticulation, or "teeth," on the claws

9. Outline with permanent marker

10. Erase the pencil lines
